Manufacturer & Exporter
of Plastic blow molded bottles

OUR MISSION

To enhance the level of quality, delivery and services to exceed our customers' expectations.

OUR VISION

We believe that without the consistent efforts of the team there are null possibilities that company reaches to heights, our team never fall short achieving targets thus sustaining our valued clients. Company hiers each and every individual as per the merits which enables us to maintain a strong foundation.

OUR MOTTO

Duality, timely delivery and customer satisfaction are the key towards all the trust that our customers have in us. We provide complete customization which helps us make customer's first choice. We work hard day in and day out to fulfill all the specific requirements of our valued customers with all possible ways we can.

OUR PRODUCTS

Pharmaceuticals HDPE Bottles with closures

The Pharmaceuticals industry has exceptionally high quality standards with good reasons. We bring self appeal and product protection to most global brands. Since the safety is of utmost importance in pharmaceuticals industry we make sure that all our supplied bottles and closures fulfill the international quality and safety standards.

Agrochemical HDPE Bottles with closures

Exceptional quality, ease of use and safety are essentials for the agrochemical industries. We manufacture the bottles upto 6 layers for the agrochemical industries to match the standards.

Personal and Home care HDPE Bottles with closures

Packaging that is appealing to the eyes and to touch is important in the personal and home industries. The shape, function and design of closures and bottles are key factors that give our clients an edge over the competition. It takes unique and customized designs to preserve the chemical compositions and fragrances of products in this category.

Technology

Blow moulding technology has been used for the bottle production. We produce bottles from HDPE materials with volume range from 30ml to 1.5 liter. We use blow moulding machine with double stations to meet high quality and bulk requirements.

Pharmaceuticals

Sr No.	Size	Overflow Vol	Weight*(gm)
1	30cc	48cc	10.0
2	60cc	75cc	11.5
3	75cc	102cc	13.0
4	100cc	125cc	14.5
5	120cc	158cc	17.0
6	150cc	187cc	20.0
7	200cc	237cc	21.0
8	250cc	312cc	27.5
9	300cc	352cc	27.5
10	400cc	440cc	37.0
11	500cc	530cc	40.5
12	625cc	648cc	42.0
13	750cc	810cc	46.0
14	950cc	1065cc	58.0
